Dynamic AFO

Supplier:

Allard Inc.

Features & Benefits:

- Stability — follows the lateral contours of the ankle to support unstable ankle structures
- Comfort — absence of material at the back of the orthosis avoids contact with sensitive areas
- Easy to don and doff — two straps
- Four point fixation/force principal for maximum leg stabilization and control
- Full coverage anatomically shaped anterior tibia shell for maximum stabilization and control
- Short strut “wraps” over instep for maximum medial-lateral and rotation control of the foot and ankle complex
- Open heel design allows the heel to shift from eversion to inversion
- The anterior plate assists with knee extension at the mid-stance phase of gait
- Customizable — can be fit by cutting, grinding and adding required foot orthotics or padding

Specifications:

- Materials: *Glass fiber, Carbon fiber and Kevlar®*
- Sizes: *X-Small, Small, Medium, Large and X-Large*
- Color: *Black (also available in four "fantasy colors")*
- Short version also available
- Fitting requires a trained professional

Indications:

- Footdrop resulting from neurological disorders such as stroke, multiple sclerosis, post polio or post spinal cord injury
- Footdrop with ankle instability
- Partial foot amputations, such as Chopart

Contraindications:

- Extreme weight bearing applications (dependent on activity level)
- Moderate to severe ankle oedema
- Diabetes where ulceration is a risk
- Loss of skin sensitivity

Call Points:

- Orthotist
- Orthotic technician
- Prosthetist
- Prosthetic technician

Warranty:

- One year from date of initial fitting, against manufacturer defects
