

» BK Stump Shrinker

Stump Shrinker

Supplier:

Comfort Products, Inc.

Features & Benefits:

- Lightweight and provides tapered compression from the closed end to the open proximal end
- Durable and comfortable
- Comfort Grip Top makes donning easy, especially for geriatric patients
- Top can easily be rolled over the fingers to allow for donning with limited hand strength
- Pocket toe design eliminates stitching on the distal end
- Color coded seams for easy width identification

Specifications:

- Style: *Standard*
- Material: *Cotton stretch fabric*
- Lengths: *Three (see chart)*
- Sizes: *Four (see chart)*
 - Small = *Gold*
 - Medium = *Red*
 - Large = *Blue*
 - X-Large = *Green*
- Tapered compression from closed distal end to open proximal end is from 25 mmHg to 20 mmHg

Indications:

- Transtibial amputations
- Control residual limb swelling and promote healing
- Alternative to the usual compression bandaging

Contraindications:

- Conditions where compression is not recommended

Call Points:

- Prosthetist
- Prosthetic technician

Warranty:

- Against manufacturers defects
