

## Silver Liner Sheath Sheath

### Supplier:

Comfort Products Inc.

### Features & Benefits:

- Designed to compensate for volume changes occurring in residual limb during the day; can be worn under a liner to provide moisture wicking
- X-Static® yarn has a pure layer of silver included in the surface of the textile fiber
- All natural: 100% safe and non-toxic, containing no chemicals
- Anti-odor: neutralizes ammonia and denatured proteins, eliminating odors
- Anti-microbial: eliminates odor causing bacteria and fungus
- Thermodynamic: regulates temperature (cooler in summer and warmer in winter)
- Anti-static: has very high electrical conductivity
- Therapeutic: less discomfort due to high conductive performance
- Reinforced for great wear resistance and has a unique mesh design which stretches to conform to shape while allowing necessary ventilation

### Specifications:

- Available with or without 3S hole
- Available in six sizes (see chart)

### Indications:

- BK amputations

### Call Points:

- Prosthetist
- Prosthetic technician

### Warranty:

- Against manufacturer defects
