

California™ Chairback Orthosis

Vendor:
Orthomerica®

Applications:
• Soft chairback spinal brace

Patient Benefits:
• Comfort
• Stability
• Easy donning and doffing

Practitioner Benefits:
• Easy access to incision
• Can be transformed into an orthopedic corset as patient progresses

Features:
• Posterior opening provides ventilation and allows wound inspection
• Internal plastic panels provide anterior rigidity and help block forward flexion
• Chairback portion discourages lateral flexion and excessive extension
• Plastic chairback component and internal panels can be removed
• Patented compound closure
• Adjustable compression

Specifications:
• Available in seven sizes for both men and women

Indications:
• Post operative laminectomy, fusion or intradiscal electrothermal therapy (IDET) procedure
• Chronic lower back pain
• Arthritic conditions
• Spinal metastasis
• Occupational protection

Call Points:
• Orthotist
• Physiotherapist
• Occupational Therapist

Warranty:
• Against manufacturer defects
