

Torso™ Spinal System

Spinal

Supplier:

Orthomerica Products Inc.

Features & Benefits:

- Modular interchangeable components allows orthosis to be modified to meet individual patient's clinical requirements
- Bivalve closure system for easy donning
- Anterior and posterior thermoplastic shell
- Low profile for improved patient acceptance
- Provide effective hydrostatic lift, stabilization of lumbosacral spine and assists pelvic tilt
- Anterior thoracic extension enhances support and increases rotational control
- Removable and washable foam liner wicks perspiration away from body

Specifications:

- 10 comfortable adjustable male/female models: 5 Neutral front (standard) and 5 Pendulous front
- 3/16" polyethylene shell, 3/8" cool foam liner
- Available in 5 sizes

Indications:

- Indicated for the support or immobilization of the lower trunk as may be necessary for a wide variety of pre-operative and post-operative conditions

Call Points:

- Orthotist
- Physician

Warranty:

- 3 months, against manufacturer defects
