

Ankle Foot Orthosis “AFO” Standard
Ankle Foot Orthosis

Vendor:

Orthoservice AG

Features & Benefits:

- Injection molded polypropylene allows for different thicknesses throughout the orthosis
- Thicker polypropylene on vertical aspect of AFO for rigidity and thinner on footplate area for ease of trimming and flexibility
- Low profile prefabricated leaf spring design
- Heel cut compensates for atrophy and avoids calcaneous irritation
- Removable/washable soft laminate calf padding
- Contact closure calf strap
- May be heat modified for minor customization

Specifications:

- Available in four sizes (see table)
- Color: white
- Specify left or right

Indications:

- Correction of flaccid foot drop

Call Points:

- Orthotist
- Orthotic technician

Warranty:

- Against manufacturer defects
