

**39SRH Resting Hand Orthosis
with Finger Separators**
Hand Orthosis

Vendor:

Restorative Care of America Inc.

Features & Benefits:

- Finger separators
- Durable and lightweight material
- Raised lateral palmar ridges discourage radial or ulnar deviation and reinforce the orthosis to accommodate muscle tone and spasticity
- Easily customizable— can be heat molded to accommodate specific patient needs
- Breathable foam liner wicks moisture away from the skin
- Comfortable

Specifications:

- Made with Kydex® thermoplastic
- Left and right specific designs
- Available in four sizes (see table)
- Heat molding: Hold heat gun 2–4" over area to be molded and heat evenly for approximately 30 seconds

Indications:

- C.V.A.
- Arthritis
- Trauma
- Hand injury
- Wrist, fingers or thumb contractures

Call Points:

- Occupational therapist
- Orthotist
- Physiotherapist

Warranty:

- Against manufacturer defects
