

59FEO Finger Extension Orthosis **Hand Orthosis**

Vendor:

Restorative Care of America Inc.

Features & Benefits:

- Provides a stabilizing force throughout the hand and digits to discourage tissue shortening of finger flexors
- Easily customizable—can be heat molded to accommodate specific patient needs
- Breathable foam liner wicks moisture away from the skin
- Comfortable
- Washable lining material
- IP joints of the fingers, thumb and wrist placed in extension
- Durable and lightweight material

Specifications:

- Made with Kydex® thermoplastic
- Left and right specific designs
- Available in three sizes (see table)
- Heat molding: Hold heat gun 2–4" over area to be molded and heat evenly for approximately 30 seconds

Indications:

- C.V.A.
- Traumatic brain injury
- Spinal cord injury
- Finger tendon laceration
- Burn patients

Call Points:

- Occupational therapist
- Orthotist
- Physiotherapist

Warranty:

- For single use only—1 year against manufacturer defects (except on soft goods)
