

## ContexGel Sleeve

### Sleeve

#### Supplier:

Streifeneder Group

#### Features & Benefits:

- Constructed from the highest quality gel to give maximum strength and stretch
- Excellent memory so the elasticity will last longer
- Newly formulated gel not only provides extra conditioning for the skin, but also offers a secure distal and proximal seal
- Contoured proximally to distal to mimic anatomical shape

#### Specifications:

- The proximal and distal edges may be trimmed with scissors
- Length: 36 cm
- Sold in single units
- Five sizes available (see table)

#### Indications:

- Highly active patients that require more control of the prosthesis
- Athletes
- Symes
- Transtibial shapes

#### Call Points:

- Prosthetist
- Prosthetic technician

#### Warranty:

- 6 months, against manufacturer defects

| Item No.    | Size     | Distal Circumference | Proximal Circumference |
|-------------|----------|----------------------|------------------------|
